Q: We read the Long Term Care University article that compares Traditional to Hybrid-Combination Life and Long Term Care (LTC) Insurance and prefer the Hybrid-Combination LTC policy. Can you please review the **Brighthouse SmartCare** Hybrid LTC policy?

Overview. Brighthouse Life Insurance Company, an A.M. Best A rated, founded in 2017 (originating from Travelers and MetLife). The Brighthouse SmartCare policy is a Hybrid Life and Long Term Care Insurance (also called Combination or asset based) policy. With Traditional LTC policies, premiums can be increased and you may not receive any benefits if you do not need LTC. With Hybrid LTC policies the benefits and premiums are guaranteed. The insurance company either: 1) pays you if you need LTC, 2) pays your heirs if you do not need LTC, 3) pays you and your heirs if you need a modest amount of LTC or 4) pays you a refund if you cancel the policy.

Brighthouse SmartCare is Unique Because it is a Cash Indemnity Policy. There are two primary benefit payment methods among LTC policies. Reimbursement policies, the most common type of policies, require you to submit documentation of all expenses for reimbursement up to your monthly LTC benefits. Cash Indemnity policies pay up to your monthly LTC benefits, regardless of your expenses.

Brighthouse SmartCare is Unique Because It is an Indexed Universal Life Insurance Policy Offering the Option to Link Policy Values to Major Market Indices. With most LTC policies you choose a fixed inflation protection growth rate (e.g.: 3% or 5% compound). With Brighthouse SmartCare you can choose a fixed inflation protection or one linked to a financial market indices (**indexed**). **Benefit amounts have the potential to increase with market gains up to an annual maximum growth rate (cap) but will never drop below the policy's original amounts.** You can choose to track one or more of the following indices: S&P 500 Index, Russell 2000 Index, or MSCI EAFE Index.

Brighthouse SmartCare Policy Options. The policy options include: Benefit periods of 4 or 6 years; Inflation protection of none, 5% compound or indexed; Elimination period of 90 days; Terminal illness benefit at the lesser of \$250,000 or 50% of your policy's face amount; Cash surrender value varies by benefit design and inflation protection option selected. **International Benefits are 100% of monthly maximum LTC benefit for the entire benefit period (e.g.: 6 years).**

How Brighthouse SmartCare Compares with Other Hybrid LTC Policies. Let's look at a husband and wife, Bill and Sue, who are each 55 years old and reside in Maryland. They each pay a \$100,000 one-time premium (\$200,000 combined with State Life) and are expected to need LTC in 25 years at the age of 80. They are comparing Hybrid policies that offer the largest LTC benefits, with six years of LTC and inflation protection **included** in the premium (unless noted otherwise). They prefer Cash Indemnity (reimbursement policies in blue, cash indemnity policies in green in the chart below).

Brighthouse SmartCare Underperforms Most Competitors on a Guaranteed Basis with Lower Monthly and Total LTC Benefits. Bill will have \$10,807 monthly and \$882,120 total LTC benefits, while Sue will have \$7,642 and \$623,771, respectively. **Lincoln MoneyGuard III** is a strong alternative due to its **0 day** elimination period. **Minnesota Life Securian SecureCare III** is a strong cash indemnity alternative for Bill and Sue due to its high monthly and total LTC benefits. **Nationwide Care Matters II** is a strong cash indemnity alternative for Bill and Sue due to its high monthly and total LTC benefits and its **90 day with 0 day retroactive** elimination period, and is notable for its **U.S. medical care inflation option**. **OneAmerica State Life Asset Care** is a strong alternative due to its **unlimited, lifetime** total LTC benefits.

Conclusions. Brighthouse SmartCare has the option to link policy values to market indices, with the flexibility of formal and informal care providers (including family and friends). Since premiums vary greatly based on age, health and marital status, request individualized quotes.
